*"I recently injured my knee. My doctor gave me a prescription for Celebrex. The pharmacist told me it would be \$60 for a 30 day supply. I went to the Door to Door Health prescription discount program website: [doortodoorhealth.com/RxPrice](http://doortodoorhealth.com/RxPrice) and discovered I can get a 30 day supply for \$32.07 at several local pharmacies with my discount prescription membership card!"*
